

# ALOSORB MxG Natural Absorbent

**ALOSORB MxG Natural Absorbent™** is one of the most versatile absorbent products on the market. Made from a perennial grass, *Miscanthus x giganteus*, this highly absorbent product provides quick and efficient spill management.

## Superior Absorbency

Use less product to absorb more oil, water, and other spills. The material is lightweight and aggressively absorbs liquids into the sponge-like plant fiber for easy disposal.

- ✓ 10x More Absorbent Than Clay
- ✓ Instantly Absorbs Up To 5x Its Own Weight
- ✓ Super Light-Weight

## Multiple Applications

ALOSORB MxG Natural Absorbent may be used effectively in many applications including:

- ✓ Drill Cutting Solidification
- ✓ Sludge Solidification
- ✓ Automotive Fluid Spills\*
- ✓ Industrial Chemicals
- ✓ Paint Spills
- ✓ Animal Bedding

## What is *Miscanthus x Giganteus*?

- ✓ Perennial Grass
- ✓ Adapted by Aloterra for Commercial Use
- ✓ Non-GMO
- ✓ Seeds are Sterile, No Risk of Unwanted Spread

## Environmentally Friendly

- ✓ 100 % All Natural
- ✓ May be Landfilled or Incinerated
- ✓ 7,500 BTU/lb.
- ✓ USDA BioPreferred Eligible
- ✓ Federal Procurement Preference Eligible
- ✓ Superior Sustainability
- ✓ Low Carbon Footprint

## Domestic Production

ALOSORB MxG is grown and manufactured in the U.S.
